

Film
(contact us for pricing 305-600-2904)

- **Monarch**
He-Ne (VRL) Conventional rapid access film with a high degree of latitude for processor variation.

- **Verdi**
He-Ne (VRL) Conventional Matte Film - rapid access film with a high degree of latitude for processor variation.

- **Pinnacle**
IR film Hard dot, self-linearizing - less expensive than our other film offerings, it requires a higher chemistry mix but has a very stable dot and processes quickly.

- **News Red**
He-Ne (VRL) News paper quality film. This is our least expensive film and is only available in high volumes.

- **Titan**
He-Ne (VRL) Only available in high volumes. A standard rapid access film with an exceptional price.
